OUR CAPABILITIES & EXPERIENCE

Rapid Mobilization

Mobile Hospitals, Base Camps, Interim Housing, Isolation Facilities, etc. can be set up in up to 3 days complete with wrap around services consisting of personnel, transportation, and supplies.

Scalable Infrastructure

We have on-demand scalable infrastructure including call centers, training centers, emergency command centers, and the financial capacity to sustain disaster and emergency support operations for several months.

Past Performance

Our Teams has supported every major national disaster in the last 35 years with experience developing and implementing processes to ensure rapid aid to disaster victims without compromising the integrity of the programs.

Experienced Teams

Our staff is in every FEMA region to coordinate federal, state, and local disaster responses by establishing Field Response Offices (FRO). We have highly-trained financial services teams qualified to provide accurate and timely management and reporting for multi-billion dollar disaster support and recovery programs.

OUR EXPERT ADVISORS

Regina Benjamin, MD, MBA

18th Surgeon General of the United States

Dr. Benjamin is an American physician who served as the 18th Surgeon General from 2009-2013. During her tenure Dr. Benjamin released the first National Prevention Strategy.

Col. (R) Douglas C. Rose, Jr.

ACF Commander

Col. Rose was the Director of Military support for FEMA. He has expertise managing real-world crisis operations as needed to plan, respond, mitigate, and recover from disasters and emergencies.
