1

COVID-19 TESTING CENTERS

We can provide “turn-key” (design, build, operate, and maintain) testing centers, complete with trained resources. These can be rapidly deployed and installed in any size configuration to meet all facility requirements. Our sites will conduct tests and integrate the results with our contact tracing solution to get your community **back to work**.

LEADING YOUR TESTING AND CONTACT TRACING TEAM

Our team is led by Regina Benjamin, MD, MBA (Founder and CEO Gulf States Health Policy Center) and Col. Douglas C. Rose, Jr. (Ret. Director, Military Support, NORAD and USNORTHCOM, FEMA).

Regina Benjamin, MD, MBA

Founder and CEO Gulf States Health Policy Center
Dr. Benjamin is a family physician who served as the 18th U.S. Surgeon General from 2009-2013. During her tenure, Dr. Benjamin released the first-ever National Prevention Strategy and is currently working to decrease health disparities and improve health outcomes nationwide.

Col. (R) Douglas C. Rose, Jr.

Incident Commander
Col. Rose was the Director of Military support for FEMA. He has expertise managing real-world crisis operations as needed to plan, respond, mitigate, and recover from disasters and emergencies. He is currently supporting the Commonwealth of Pennsylvania in the COVID-19 response services.

CONTACT TRACING STRATEGY

2

ENGAGE

A community based program to inform and engage the community to participate.

3

TRAIN & TRACE

Train to maximize success and develop robust processes to ensure comprehensive tracing.

4

PREDICT & ACT

Use data and dashboards to stay ahead of COVID-19 by predicting regions about to be hardest hit. Deploy resources based on predictions.

5

PROTECT

Get your communities back to work, safely and with peace of mind.

BENEFITS TO YOU

- ✓ Getting your community safely back to work
- ✓ Creating local jobs
- ✓ Community engagement
- ✓ Comprehensive training program
- ✓ Dashboard to help quick decision-making

ABOUT US

We are currently supporting the Commonwealth of Pennsylvania in the COVID-19 response services and have coordinated with multiple agencies and every major disaster in the last 35 years. Additionally, Dr. Benjamin heads the Gulf States Health Policy Center, a transdisciplinary collaborative center for health disparities research (www.gshpc.org).
